

10-13 OCTOBER 2010 **MANAMA, BAHRAIN**

THE MIDDLE EAST CHEMICAL SUMMIT

Co-locating the 5th Petchem Arabia conference
and 3rd Middle East fertilizer symposium to
capitalise on the region's growth opportunities

Held under the patronage of
His Excellency Abdul Hussain bin Ali Mirza,
Minister of Oil and Gas Affairs, BAHRAIN

The Middle East Chemical Summit is the premier meeting place for petrochemical, chemical and fertilizer producers to develop new industry insights, growth strategies, access to new technologies, and relationships with financiers and international partners to move into new markets and optimise existing operations.

- **Unparalleled project coverage:** Gain exclusive **insight into the development of the global petrochemical and fertilizer industries** through **comprehensive project coverage and expert global analyses**
- **Unique access to decision makers from two markets:** the ONLY Middle East event to provide access to market leaders and experts from **both the petrochemical and fertilizer sectors** PLUS the added benefit of joint social functions and networking breaks
- **Most hands on:** The ONLY Middle East petrochemical/fertilizer event to offer **two site visits**, enabling attendees to visit a petrochemical/fertilizer plant and refinery for a **hands-on learning experience** and **prime networking opportunity**
- **Most practical:** the ONLY Middle East petrochemical/fertilizer event to combine panel sessions and discussions with roundtables, providing a platform for petrochemical and fertilizer producers to **identify practical solutions to address common challenges**

Pre Conference: Specialised practical workshops for improving operations in both the petrochemical and fertilizer sectors

Post Conference: Petrochemical and Fertilizer HSE Symposium identifying best practice and innovation in the region

Post Conference: Site visits to GPIC and BAPCO

THE MIDDLE EAST CHEMICAL SUMMIT

WELCOME FROM THE CHAIRMAN

Dear Industry Professional,

On behalf of the World Refining Association and National Oil and Gas Authority, it is my pleasure to welcome you to join us at The Middle East Chemical Summit, the only event of its kind in the region.

This prestigious and thought-leading event will bring together industry leaders from both the petrochemical and fertilizer sectors to address the most pressing issues affecting these important industries, including opportunities to enter new markets, feedstock availability, and financing challenges.

By attracting international participation, it will serve as a platform to build new relationships, address common challenges and identify the latest and best technological solutions to do so.

It is a great honour to host this event in the vibrant Kingdom of Bahrain in 2010 and we look forward to working with national and international oil companies, technology and solution providers, financiers, petrochemical and fertilizer producers, chemical companies, traders and governments to ensure that the event is a great success.

We would like to encourage the participation of all professionals active in or looking to do business within the Middle East petrochemical and fertilizer sectors to generate new ideas which will drive both sectors forward.

On behalf of the WRA and NOGA, we look forward to welcoming you to this important meeting.

H.E. Abdul Hussain bin Ali Mirza
Chairman
The Middle East Chemical Summit

Minister of Oil and Gas Affairs,
Bahrain

ABOUT THE WRA

Since 1997, The World Refining Association has achieved worldwide recognition for the organisation of high level, strategic and technical conferences within the downstream, refining and petrochemical sectors. Our industry events are renowned as market leaders in their fields.

Due to our strong and long standing relationships with governments and all of the major oil and gas producers worldwide, we ensure our conferences consistently tap into the key issues affecting the industry and we bring together the principle influencers to share their thoughts, ideas and vision with you, our audience.

Our annual events take place across the globe in Europe, CIS, Russia, Middle East and Asia. They take centre stage in the oil and gas calendar together with our awards which are increasingly becoming a sought after commodity to highlight best practice and excellence within the industry.
